

## Nikhil V. Jadhav

☎ +91-7249093857 | ✉ nikhiljadhav2218@gmail.com | GitHub | LinkedIn

### Professional Summary

A motivated and detail-oriented Fresher Software Developer with a strong foundation in core computer science concepts and practical experience in building applications. Skilled in Java, JavaScript, C, Node.js, Express.js, Spring boot, and Hibernate. Possess hands-on experience in backend development and database management with MySQL through projects and an internship. Eager to contribute to real-world software projects, write maintainable code, and continuously learn new technologies.

### Technical Skills

Languages: Java, JavaScript, C

Backend: Java, Spring boot, Hibernate, Node.js, Express.js

Database: MySQL

Concepts: MVC, REST APIs, Agile Methodologies

Tools: Git, GitHub, VS Code, Postman

### Education

Master of Computer Applications (MCA) | 2024 – 2026

Zeal College of Engineering & Research, Pune | Savitribai Phule Pune University

BBA (Computer Application) | 2021 – 2024

Jaikranti College | Savitribai Phule Pune University | CGPA: 8.05

HSC (Science) | Dnyanvardhini High School & Junior College, Mhaswad | 2021 | 64%

SSC | Siddhanath High School, Mhaswad | 2019 | 60%

### Ongoing Course

- Java Full-Stack Development → Core Java, OOP, Hibernate, and modern frameworks for scalable application development.

### Internship Experience

Web Developer Intern | Athang Infotech | Dec 2023 – May 2024

- Enhanced UI/UX, fixed bugs, and improved responsive design for live projects.
- Ensured cross-browser compatibility and resolved frontend/backend issues.
- Contributed to projects including Booking Engine, RTI Portal, Athang Portfolio, Sath Safar,

Argo Rover.

- Collaborated with senior developers to implement secure, scalable solutions.

## Projects

Zeal Test Hub (Aug 2024 – Sep 2024)

- Built backend with Node.js & Express.js (modular routes).
- Added JWT authentication, role-based access, and MySQL integration.

Face Mask Detection (Feb 2024)

- Developed a real-time detection model using OpenCV + Deep Learning.
- Triggered alerts and logged violations.

Movie Recommendation System (Jan 2024 – Feb 2024)

- Applied Naive Bayes, KNN, and Outlier Detection algorithms.
- Delivered efficient recommendations using Kaggle datasets.

Optimization Techniques (Java-based) (Dec 2023 – Feb 2024)

- Implemented Simplex Method & Johnson's Rule in Java for optimization problems.

## Certifications

- MERN Stack – Techsaksham (Oct 2024)
- Agile Scrum Foundation – Simplilearn (Feb 2025)
- Machine Learning Using Python – Simplilearn (Jan 2025)
- Machine Learning Level 1 – Simplilearn (Mar 2025)

## Soft Skills

Problem Solving | Analytical Thinking | Team Collaboration | Communication | Time Management
